NOTICE

SEATTLE -- The Port of Seattle Century Agenda Committee will convene a Special Meeting from 10:00 a.m. to 12:00 noon on Tuesday, May 10, 2011, at Port of Seattle Headquarters, Commission Chambers, Pier 69, 2711 Alaskan Way, Seattle, Washington. The meeting will be audio and video recorded to be accessible during or after the meeting.

The meeting will feature a roundtable discussion on "Moving Cargo: Logistics & Growing Exports" with invited panel members. We will be looking at the implications of the changing global supply chain, how we differentiate ourselves from our competition, new opportunities in both sea and air cargo, and the importance improvement to transportation infrastructure.

This roundtable is part of the final stage of the Port's three-year strategic planning process called the Century Agenda. This stage will establish long-range strategic goals for the next quarter-century. As the year progresses, the Committee will be hosting regular roundtables with experts to publicly discuss the big questions that drive the Port's direction in pursuit of its mission of economic development – generating jobs, minimizing our environmental footprint, anchoring urban industrial lands, and wisely stewarding the public's tax dollars.
