Pursuant to RCW 42.24.180, “the Port’s legislative body” (the Commission) is required to approve in a public meeting, all payments of claims within one month of issuance.

OVERSIGHT

All of these payments have been previously authorized either through direct Commission action or delegation of authority to the Executive Director and through his or her staff. Detailed information on Port expenditures is provided to the Commission through comprehensive budget presentations as well as the publicly released Budget Document, which provides an even greater level of detail. The Port’s operating and capital budget is approved by resolution in November for the coming fiscal year, and the Commission also approves the Salary and Benefit Resolution around the same time to authorize pay and benefit programs. Notwithstanding the Port’s budget approval, individual capital projects and contracts exceeding certain dollar thresholds are also subsequently brought before the Commission for specific authorization prior to commencement of the project or contract—if they are below the thresholds the Executive Director is delegated authority to approve them. Expenditures are monitored against budgets on a monthly basis by management and reported comprehensively to the Commission quarterly.

Meeting Date: March 13, 2018

Effective internal controls over all Port procurement, contracting and disbursements are also in place to ensure proper central oversight, delegation of authority, separation of duties, payment approval and documentation, and signed perjury statement certifications for all payments. Port disbursements are also regularly monitored against spending authorizations. All payment transactions and internal controls are subject to periodic Port internal audits and annual external audits conducted by both the State Auditor’s Office and the Port’s independent auditors.

For the month of February, \$53 million in accounts payable payments were made to 765 vendors/contractors, comprised of 2,456 vouchers and 7,868 accounting expense transactions. About 90 percent of the accounts payable payments made in the month fall into the Construction, Employee Benefits, Contracted Services, Payroll taxes, NWSA Construction Costs, Utility expense and Environmental Remediation categories. The following chart summarizes the top 15 expense categories by total spend.
