

Electric Utility Switching Project - Supervisory Control And Data Acquisition(SCADA)

Commission Meeting

July 9, 2019

CIP: 800699

Overview

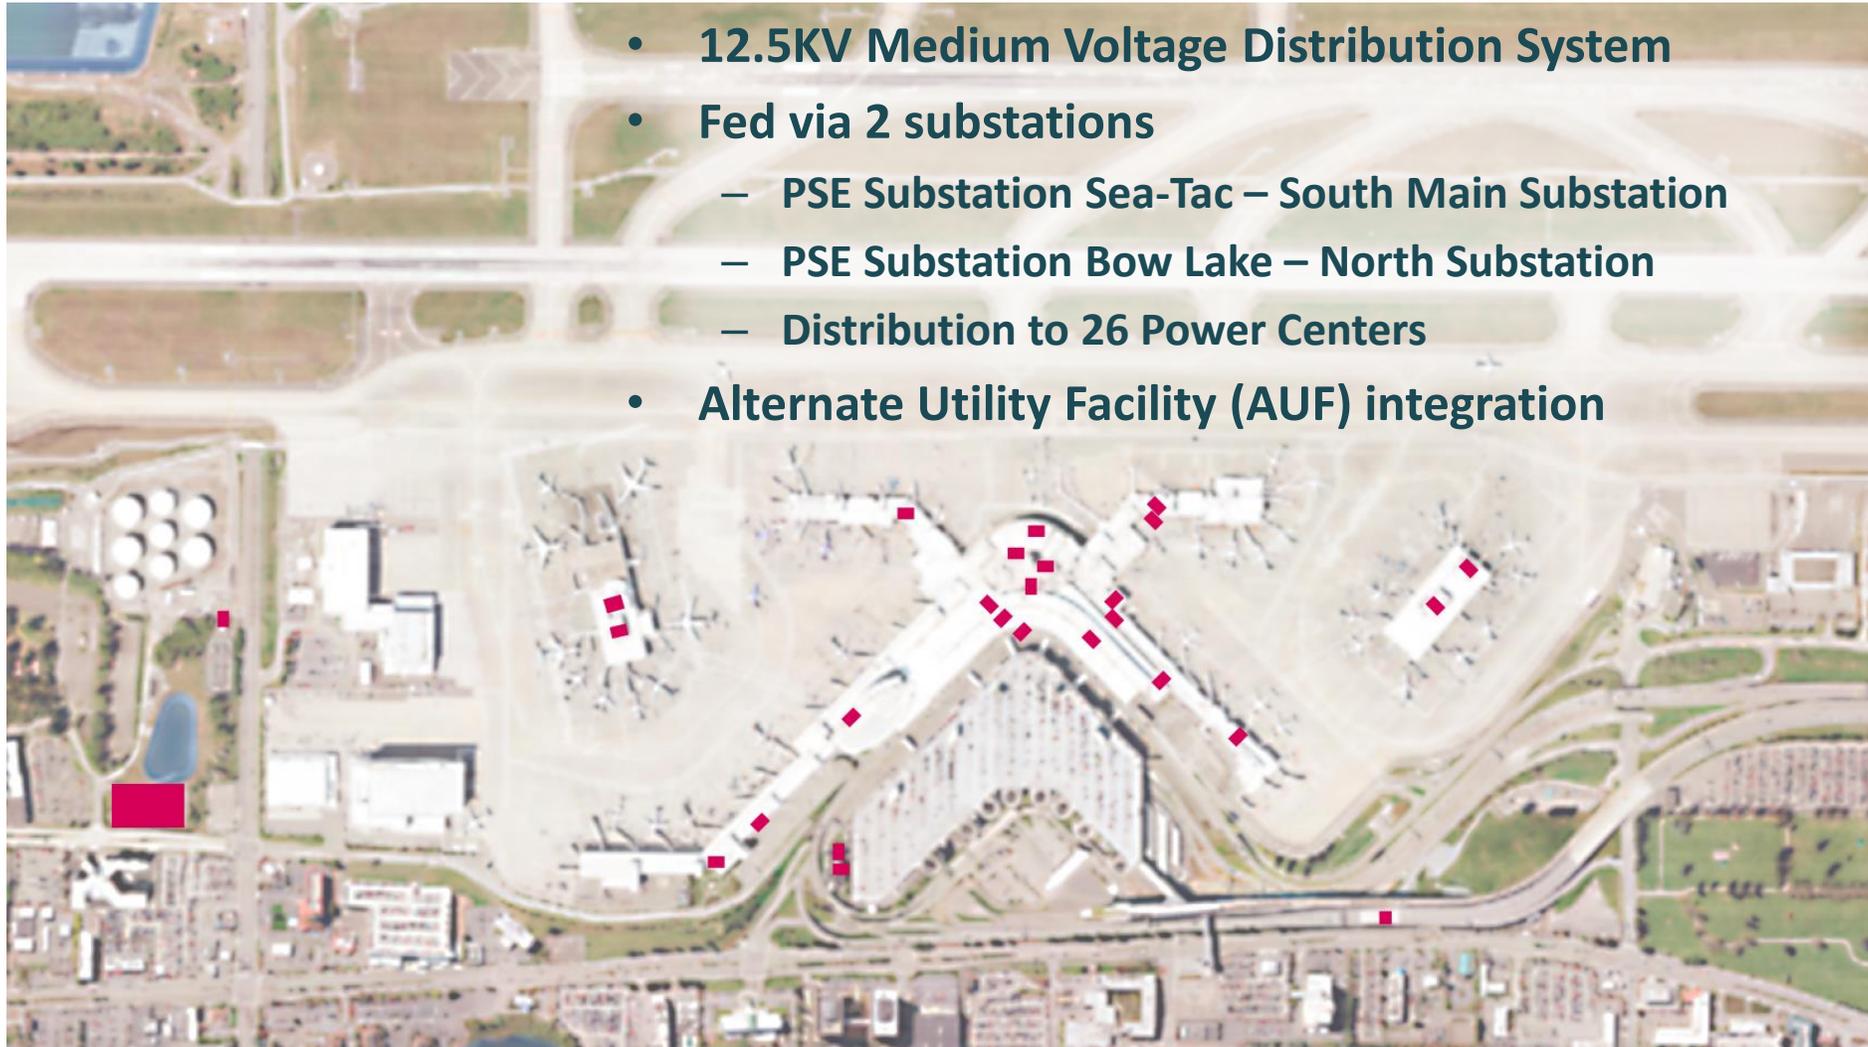

Request Commission authorization for the Executive Director to:

1. Increase the authorized funds for the Electric Utility Supervisory Control and Data Acquisition (SCADA) project in the amount of \$10,350,000
 2. Advertise and award a major works construction contract at Seattle-Tacoma International Airport
 3. Use Port crews and small works contracts to assist with the project.
- Total estimated project cost is \$11,950,000, an increase of \$2,300,000
 - Project presented to partner airlines on June 27, 2019
 - Favorably received
 - Majority in Interest (MII) approval expected in August

SCADA – What and Why

- Supervisory Control and Data Acquisition (SCADA) systems
 - Data acquisition
 - Networked data communication
 - Data presentation
 - Control
 - Employee safety

SeaTac Airport Power Distribution System

- 12.5KV Medium Voltage Distribution System
- Fed via 2 substations
 - PSE Substation Sea-Tac – South Main Substation
 - PSE Substation Bow Lake – North Substation
 - Distribution to 26 Power Centers
- Alternate Utility Facility (AUF) integration

Project Budget

- Previous approvals and estimates:
 - Design authorization granted on August 4, 2015 for \$1.6M with a total estimated project cost of \$9.65M
- Today's request:
 - Increase total estimated project cost by \$2.3M to \$11.950M
 - \$2.3M increase includes:
 - New Electrical Command & Control Center (EC3) room at \$650K
 - Required Puget Sound Energy Bow Lake substation upgrades at \$900K
 - Pre-design budget shortfall of \$750K

Schedule

- Design Complete: 1st Quarter 2020
- Construction start: 2nd Quarter 2020
- In-use date: 2nd Quarter 2022
