

2020 Airfield Pavement Replacement Projects

CIP# C800483

2020 Airfield Pavement Replacement Projects

Scope

The 2020 projects are comprised of the following 6 Work Areas:

- **Area 1:** Reconstruction of the Asphalt Concrete Pavement (ACP) at Cargo 2 east laydown area.
- **Area 2:** Reconstruction of the Portland Cement Concrete Pavement (PCCP) and ACP at the Vehicle Service Road, Cargo 2, Cargo 3, and Industrial Waste System utility upgrade.
- **Area 3:** Reconstruction of the ACP at North Satellite taxiway shoulder and the apron south of the Airport Rescue and Fire Fighting station.
- **Area 4:** Reconstruction of the PCCP at Taxiway W and Taxiway B at the north entrance to the South Satellite.
- **Area 5:** Reconstruction of the PCCP at Taxiway W and Taxiway B at the south entrance to the South Satellite.
- **Area 6:** Replacement of individual PCCP (w/ Quick-Set Panels) and Joint seal on Taxiway B.

Schedule

- Commission Authorization for Construction 2019 Quarter 4
- Contract Execution 2020 Quarter 1
- In-use date 2020 Quarter 4

Budget

Project Risks

- There are a limited the number of gate closures available airport-wide for construction.
- Gate opening delays on other airport projects could delay the start of portions of the 2020 Airfield Pavement Replacement Project work.
